BECOMING is an order which all women approach with

women approach with indescribable fear, for MOTHER the pain and horror of nothing compares with child-birth. The thought of the suffering and danger in store for her, robs the expectant mother

of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Priend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other dis-
